Home of Kate Poulin Dressage.

Kate's accomplishments are many but not limited to being a USDF Bronze, Silver & Gold medalist. She has been on four NAYRC dressage teams, winning two Gold Medals, and has been on the USEF developing riders list since 2006. Qualifying for the US team for the 2007 Pan American Games was certainly one of Kate's greatest accomplishments superseded only by winning a gold medal at those same games. She is a USDF Certified Instructor through Fourth Level.

## USDF Statement on Animal Welfare

The United States Dressage Federation, Inc. (USDF), a federation of individual members and over 100 independent organizations throughout the United States, supports the concept of ethical treatment of animals.

Dressage is a classical method of training horses, based upon the horse's natural responses, as carried out in a gradual, planned program during which the horse's athletic abilities are improved in a systematic manner. As a result, the horse becomes capable, comfortable, and responsive in partnership with the rider without the use of force. Dressage competition at various levels of achievement is the ultimate test of the training program to determine whether the desired harmony between horse and rider has been achieved.

The rules pertaining to dressage competition prohibit the use of artificial appliances, training aids, and drugs, which would force the horse to submit. Instead, the emphasis is upon training and a cooperative partnership with the rider. Major competitions are carefully monitored to assure that there is no unnecessary force or harshness displayed.

Unlike other horse sports in which horses enter training at a relatively immature state, dressage training is usually not seriously begun until the horse is three or four. The top levels of achievement require five or more years of progressive training and it is not unusual to see horses in international competition in their late teens. This, in itself, places a premium on good care and soundness throughout the horse's life.

While supporting the concept of animal welfare in its broadest form, the United States Dressage Federation, Inc., also recognizes that it is unrealistic to ascribe human emotions and responses to the horse which in its wild state is a creature of flight, living a hard and precarious existence. Under domestication, the horse is assured of ample food, water, and shelter, as well as protection against infectious diseases and damaging parasites, thus leading a longer and healthier life with a high rate of survival.

As an educational organization, USDF has numerous programs, which teach people how to pursue the accepted, humane training methods. A program of certifying instructors also emphasizes protecting the horse's welfare in pursuit of dressage training.

## **Chuck Grant Perpetual Trophy**

Chuck Grant Perpetual Trophy – awarded at the upcoming Mid-Ohio Dressage Association (MODA) Classic I & II to the horse and rider combination with the highest average of scores at the FEI Level. Musical freestyles do not count towards this award.

Chuck Grant was a rider, trainer, and instructor who helped bring dressage to the Midwest. His wife Carol and two daughters all continue to train and compete on the international level. Carol Grant represented the United States in the 1982 World Equestrian Games.

Grant published several articles and books, including “American Dressage,” and “Training the Haute Ecole.” He was the second inductee into the United States Dressage Federation Hall of Fame, in 1997.
